Who We Are

Scholarship Foundation of Indian River County is a locally-supported non-profit organization dedicated to making a post-secondary education possible for all Indian River County students. Founded in 1965 by Dan K. Richardson and members of the Vero Beach Rotary Club as a chapter of Dollars for Scholars., we have provided more than 2,865 Indian River County students with \$11.1 million in need-based college scholarships.

Scholarship Foundation is supported solely through the generosity of the residents and businesses of Indian River County. We are a 501(c) (3) nonprofit, charitable organization. Our volunteer Board of Directors raises funds, sets our policies, reviews applications and interviews students and families. Our Executive Director manages our fundraising activities as well as the scholarship application and awards process.

It is the mission of Scholarship Foundation of Indian River County to offer hope, encouragement, and scholarship opportunities to Indian River County students with financial need who demonstrate the desire and academic ability to succeed in pursuing a post-secondary education.

Our Awards. Applicants apply for one of three types of awards:

Richardson Scholar Awards: Highly competitive, 4-year awards of up to \$7,500 per year. Applicants must be HS seniors with financial need who meet the highest academic, leadership and service excellence standards. Richardson applicants will be considered for our most prestigious awards. They also will automatically be considered for Scholarship Foundation awards.

Scholarship Foundation Awards: Merit-based, 2, 3 or 4-year awards sponsored by Scholarship Foundation, other community organizations and individuals. Applicants must be HS seniors (including any dual-enrolled students) with financial need who have demonstrated the ability and desire to succeed in college. Applicants must have pursued a strong college prep HS curriculum, have demonstrated an ability to manage their time, and have a realistic plan for succeeding in and paying for college.

Community College Graduate Awards: Merit-based, 2 or 3-year awards for 1) upcoming community college AA/AS degree recipients already in college, 2) college students already pursuing a BA/BS degree who have an established track record of success in college and 3) other college students with HS records that equal or exceed our current standards for HS seniors.

Scholarship Qualifications. All Scholarship Foundation recipients must...

- ◆ Have strong academic and extracurricular and/or work records that demonstrate their readiness to succeed in college
- ◆ Have financial need (i.e. a GAP between their cost of college and their available funds) and realistic plans for paying for the college they plan to attend. Our awards supplement a student's family funding, college scholarships, and loans.
- ◆ Plan to be full-time students at an accredited public or private college or university in 2018-2019 (earning at least 12 credits/semester).
- ◆ Be residents of Indian River County and plan to maintain legal residency in IRC for the duration of any award received.
- ◆ Be graduates of an Indian River County public or private high school or one that serves IRC students; a graduate of IRSC residing in Indian River County; a GED recipient living in Indian River County; a home-schooled student residing in Indian River County.
- ◆ File the Free Application for Federal Student Aid (FAFSA) at www.fafsa.gov. It is strongly recommended that applicants file their FAFSA as soon as the system opens on October 1, 2017. FAFSA will ask for the applicant's tax information filed for the previous year i.e. for those applying for the academic year 2018-2019, it will use 2016 tax returns. This means all required information will be available so there is NO REASON FOR DELAY in filing. By filing early, you will be sure to have the complete, error-free FAFSA/SARs that we and the colleges need by our deadlines.
- ◆ Attend a financial interview (accompanied by a parent or guardian, unless the student is confirmed as "independent" on his SAR).
- ◆ Attend the Scholarship Foundation Awards Ceremony on May 16, 2018.
- ◆ Submit a Part One: Online Application using our online application system no later than January 30, 2018, schedule an appointment and submit all Part Two: Supplemental Materials in person at our office no later than February 7, 2018 at 6PM.

...and meet the minimum academic requirements for the type of scholarship they apply for:

- ◆ The ideal Richardson Scholar candidate will meet all the academic requirements defined above, in addition to having a strong record of leadership and service excellence. If you believe you should be considered for this award but do not meet all the academic requirements due to extraordinary circumstances, you may contact our office to discuss your eligibility.

How to Apply

The application process has three parts. Applicants need to complete the Part One: Online Application by Tuesday, January 30, 2018 and submit the Part Two: Supplemental Materials by Wednesday, February 7, 2018 at 6PM. Applicants who meet these deadlines and are selected as best meeting our criteria will be invited to a financial interview with their parent(s) where they will submit Part Three documents. Applicants should complete their Part One online application and schedule their Part Two meeting as early as possible. We can help you resolve any FAFSA issues or missing required documents. Applications submitted at the deadline will not have the benefit of time to resolve any issues.

Be sure to read and follow instructions carefully. Applying for college financial aid and filling out the FAFSA can be daunting, especially if you are the first in your family to go to college. Feel free to call us (569-9869), email (info@SFIndianRiver.org) or to stop by our office to resolve any issues. We are here to help, and we want you to succeed!

Part One: Online Application due by Tuesday, January 30, 2018.

- Complete our Online Application [Form 1b]. Go to www.SFIndianRiver.org/Application_How.html and follow the links to REGISTER and LOGIN to our online system. Complete the application, follow the instructions to SUBMIT it, SCHEDULE YOUR PART TWO APPOINTMENT to turn in your Part Two Materials and PRINT a copy of your online form to turn in with the rest of your Part Two: Supplemental Materials. You must SUBMIT your Part One Online Application by January 30, 2018 to be eligible to continue.

Part Two: Supplemental Materials and Intake Meeting by Wednesday, February 7, 2018 at 6 PM.

Applicants who meet the January 30th Part One deadline must SCHEDULE AN APPOINTMENT using our online system to meet for 10-15 minutes with a counselor at our office where they will turn in and review their Part Two required paperwork. We encourage applicants to submit the online application early. *Online applications must be submitted before appointments can be scheduled.* We have sufficient appointment slots to handle all applicants, but not enough on the deadline day for everyone. Don't wait! Note: You must have all required documents ready to submit at your scheduled Part Two appointment. Plan ahead! Contact your guidance counselor early and ask for letters of recommendation where needed. Here's what you need:

- Application Checklist [Form 1a]. Lists all required documents. Check off your submissions, sign and date and, unless you are classified as an independent student on your SAR, have a parent sign and date this form.
- Printout of your submitted Online Application [Form 1b]. This is the application completed in Part One. Print it using our online system. We need a copy of your final submission, which will say Status: Submitted or Status: Posted at the top.
- Statements of Academic Hardship or Special Family Financial Circumstances. OPTIONAL, if you wish to supplement Form 1b.
- A small Picture of yourself. Any small portrait or candid shot is ok. Staple it to your checklist.

- Student Aid Report (SAR), generated from the FAFSA website. File your 2018-2019 FAFSA online (www.fafsa.gov) in October or November and no later than early January to be sure to meet our deadline. Print your SAR, read it thoroughly and follow up promptly on any issues noted or requests for additional documentation.

- Florida Prepaid and other 529 Plan statements REQUIRED ONLY FOR THOSE ENROLLED in one or both of these plans.

If you are applying, you must submit with your Part Two materials: Leadership essay (500 words), Service essay (200 words), two recommendations in sealed envelopes (one teacher and one community individual).

Part Three: Turn in as soon as complete, but no later than at your Financial Interview

A financial interview to be held in March or early April will be scheduled by email for applicants who meet Parts One and Two deadlines and qualify based on a review of residency, academic standing, financial need and readiness to succeed in college and appear to have a realistic plan for paying. Each applicant (except independent students) must be accompanied by one or both parents or guardians and submit Part Three documents:

- Final school decision form [Form 2a] along with:
 - Letter of acceptance, financial aid award letter, and Cost of Attendance (COA) documentation from intended school
 - Statement of known financial aid not listed on your financial aid award letter
- Paying for College Worksheet - FINAL [Form 2b]

Helpful Hints

- ◆ Be sure to consider college costs when thinking about where you'd like to go. Look up a school's Cost of Attendance (COA) on its website. This number includes costs of tuition, fees, room and board, books, and, usually, an allowance for transportation and personal expenses. It covers only one academic year, so multiply by four for your total undergrad cost. Start EARLY to plan for how you will pay. Talk with your parents about how much they will be able to put toward your education each year. Will you take loans? Will they? Who else in your family might be able and willing to help you? Make sure you have an option you can afford among your college choices. You don't want end up with admission from only one school if it's a school you cannot afford.
- ◆ You will need to know your EFC (Expected Family Contribution) to get an idea of how much financial aid you might receive. You will find this number on your Student Aid Report (SAR), the report generated by the FAFSA system once you complete your FAFSA application. This is the **minimum** your family will have to pay each year since need-based scholarships and grants are not allowed to cover this portion of your college costs. File your FAFSA as early as possible (October 1) in the year before you plan to attend college. You can use, at any time, the FAFSA4caster on the www.fafsa.gov site to get an idea of what your EFC may be. Talk to prospective colleges' financial aid offices about how much aid you are likely to get from the government and the school. If you will need loans, start the process of learning about them early and think about how you will repay them. Students can take up to \$5,500 in Stafford/Direct as freshmen without any credit check and parents can borrow through the federal Parent Plus program, but they must have good credit to do so. Private loans usually will require a co-signer for students, and they are expensive. Don't assume "loans" will solve your college financing worries.
- ◆ Students may file their Free Application for Federal Student Aid (FAFSA) online (at www.fafsa.gov) starting October 1. File as soon as possible. You will also need to have an error-free SAR to meet our Scholarship Foundation deadlines as well as college deadlines. The FAFSA now uses information from the prior year's tax return, i.e. applications filed for the school year 2018-2019 will use 2016 tax returns. FAFSA processing can take time and you can run into snags along the way, so file early. After your FAFSA is processed, you will be able to access and print your SAR. By filing early, you will have the best chance to receive all federal, state and college financial aid (Pell Grants, FSEOG, FSAG, subsidized or unsubsidized Stafford and Perkins loans, work study) for which you qualify. Our awards are designed to supplement, not replace, these sources of funding. When filing your FAFSA, be sure to:
 - Make sure both student and parent get a PIN (you can do this at any time) and use it sign the FAFSA electronically. You can't submit your FAFSA without a student AND parent PIN.
 - To ensure error-free processing use the IRS processing system to upload your 2016 tax information directly into your FAFSA application. Some colleges require this. Even if they don't, it's a great way to reduce errors.
 - Schools will not award final aid packages until your FAFSA is complete and error-free. Don't delay, because colleges typically award money on a "first complete, first served" basis after the priority deadline, which may be mid-February, March 1 or March 15.
 - Make sure you read the directions and enter an accurate number for number of members in your household and number in college next year (include yourself), since this is a very important determinant of your Expected Family Contribution.
 - DO NOT include IRA/401K assets or primary home equity in savings or investments), but DO include 529 Savings Plans and/or the refund value of Florida Pre-Paid Plans that are OWNED by the student or parents. Note: **Student-owned** 529 Plans are to be included with the **Parent's** investment assets.
 - Read your SAR to see if there are issues flagged and/or you have been selected for verification and will need to provide documentation of your reported information to your college financial aid office. If so, **respond quickly** or your financial aid letter will be delayed and the money you receive is likely to be smaller than it otherwise would be.
- ◆ Be sure to take the SAT and ACT early! Your scores determine your qualification for Bright Futures and may be important for college entrance. The last test scores we will accept for this year will be the December 9, 2017 ACT and the December 2, 2017 SAT. Plan accordingly. [Note: If you don't get qualifying scores by our deadline, retake the tests up to your graduation. You may be able to qualify for Bright Futures and apply to us in the future.]
- ◆ Register for Bright Futures at www.floridastudentfinancialaid.org/ssfad/bf and provide us proof that you have registered with your application. You must qualify for Bright Futures Academic Scholar to apply for Richardson Scholar Awards. While we do not require other applicants to qualify for Bright Futures, we want all applicants to make every effort to do so. Bright Futures awards are worth more than \$8,000 at a four-year Florida college. If not qualified by our deadline, continue to retake the tests through graduation if you are close to attaining qualifying scores.
- ◆ **All applicants selected to receive Scholarship Foundation awards are required to attend the Awards Ceremony on Wednesday, May 16, 2017. No student will receive an award if unable to attend for any reason.** Students who know they will be unable to attend should delay their application until the following year.
- ◆ Check our website for many other Frequently Asked Questions (FAQ) about College Financial Aid and Applying to Scholarship Foundation. Go to www.SFIndianRiver.org/plan_faq.html and www.SFIndianRiver.org/application_faq.html. You will also find many links to financial aid planning websites to help you with applications.
- ◆ MAKE and KEEP COPIES of your application and all supporting documents for your records.

Paying for College Worksheet – DRAFT [Form 1e]

College Costs, Aid, and Plan for Paying

Complete this form as best you can. We want all applicants to **know how much college costs** and **have a realistic plan for paying** for it. We don't expect a complete plan now, but you should know the cost of the school(s) you want to attend and how much money your family is prepared to pay each year. If you have your financial aid letter, it shows your grants and scholarships, and you can start to make a final plan for how to pay for what your aid won't cover. If you don't have your letter, you can go to the college's website and/or talk to the school to get an idea of the financial support they offer someone like you. All applicants need to know now 1) how much the colleges they want to attend cost and 2) where they will get the money to pay for these costs (own or parent's income, savings, gifts) and/or 3) what loans they may be qualified for and wish to take. Talk to your parents; feel free to bring your parent(s) when you submit your Part Two materials.
