

Paying for College Worksheet – FINAL [Form 2b] College Costs, Aid, and Plan for Paying

This is an updated version of the draft Paying for College worksheet [Form 1e] you completed when you submitted your application. By now, you and your family should have a good idea of your plan for paying for your school. Although you may not know amounts for any local awards, you should have a general plan for funding what your family must pay. At the financial interview, we will talk about your plan. If you plan to take Parent Plus or private loans, you should have started to determine “which loans,” whether you are qualified for them, and how you will repay. Please call our office (569-9869) if you have questions about your plan that you wish to discuss prior to your interview.
